Security

We take security seriously, and do what we can within commercially acceptable means to protect your personal information from loss or theft, as well as unauthorized access, disclosure, copying, use or modification. These Sites take every precaution to protect users' information. When users submit sensitive information via the Sites, we take great effort to ensure their information is protected both online and offline. While we use Vanco to protect sensitive information online, we also aggressively protect user-information offline. Only ministry employees who need the information to perform a specific job (for example, our billing clerk or a customer service representative) is granted access to personally identifiable information. Finally, the servers that store personally identifiable information are in a secure environment. We and our service providers may automatically collect certain technical information from your computer or mobile device over time and across different websites when you use the Sites using cookies or similar technologies, such as your Internet Protocol address, your browser type, your operating system, the pages you view on the Sites, etc. This information allows us and our service providers to recognize you and personalize your experience if you return to the Sites, to improve the Sites and the services we provide, and to provide you with advertisements targeted to your interests.
